2025

A Word from Our Director:

Dear New Direction Family,

This month, I wanted to share with you the appreciation, gratitude, and happiness our clients feel as they take their parenting classes or abortion recovery classes every week. They let us know how much they value the one-on-one attention geared specifically to them. They communicate how much they enjoy and benefit from the positive, uplifting atmosphere.

Other things they appreciate and mention are listed here.

- All of our services are free.
- All of the items in our Itty Bitty Boutique are new and beautiful.
- The confidentiality of our sessions
- Lack of judgment
- Willingness to always help
- Relationships they have formed here
- Content of the classes

As our ministry partners, all of you can share in the joy we feel in knowing that our clients are feeling fulfilled being part of the New Direction ministry. Thank you so much for your prayers and financial support. I value and appreciate your partnership and pray that God will continue to bless all of the pro-life work we are doing together here in Berkshire County.

Yours for Life,

Cathy-Ann Chapman, Executive Director

Baby Bottles

We would like to extend an invitation for your church or organization to join our Baby Bottle Campaign for 2025. Simply call the New Direction office at 413 347-8005 to request your baby bottles. You can conduct your campaign any time of the year that works best for your church. A representative from your church can pick up the bottles at New Direction. They can be passed out to the church for any length of time, but the recommended time is between three and four weeks. The church members fill the bottles with change and dollar bills. After the bottles are returned to the church at the specified time, the bottles are collected and returned to

New Direction. They will be sent out to our bank to be counted. Once that step is complete, your church will receive the total for your campaign.

Thank you for partnering with us in our 2025 Baby Bottle Campaign!

ADVOCATE OPPORTUNITY

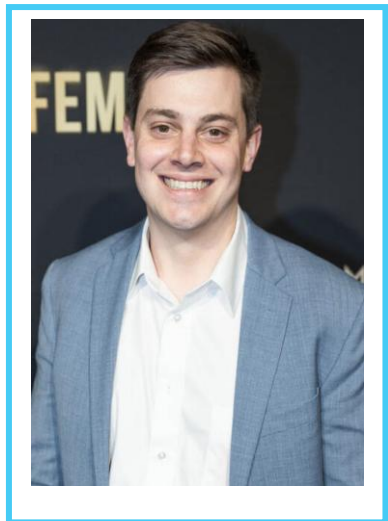

We are looking to add a new Client Advocate(s) to our New Direction Family. The hourly commitment is between 2 hours and 12 hours a week. We are open Tuesday, Wednesday, and Thursday 12:00 - 5:30. There is an application and training process. If you are interested in potentially

joining our New Direction Family in this capacity, please contact me via email - faithjoydream@gmail.com.

Cathy-Ann Chapman, Executive Director

Speaker Announcement and Save the Date!

If you attended the banquet this year, you heard an amazing testimony given by Melissa Coles. She shared how God spoke to her to get off of an abortion table and leave the clinic. She placed her baby for adoption, and by God's grace, she met her son 19 years later.

The speaker at our next year's 13th Annual Fundraising Banquet is her son, David Scotton! Please plan on joining us and hear the testimony from his perspective. The date is Tuesday, October 21, 2025, at the Bounti-Fare Restaurant in Adams.

Their story is featured in the documentary "I Lived on Parker Street". You can watch this documentary on YouTube. It is also featured in the movie "Lifemark". Kirk Cameron stars in this movie which you can watch on Pure Flix or Amazon Prime.
